

22 September 1947

MEMORANDUM FOR THE CHIEF, FOREIGN DOCUMENTS BRANCH

SUBJECT: Cable from CINCPAC TOKYO

1. The attached cable dated 15 September was included among the usual routine intelligence cables which were received by OO, for information only, on 22 September. Inquiry to [] indicated that Foreign Documents Branch had not received a copy of this cable direct from OOD, for necessary action, immediately upon its receipt in CIG. It is possible that the War Department requested the documents mentioned in the cable by telephoning your office directly or satisfying the request of CINCPAC TOKYO by some other means. If not, and if Foreign Documents Branch normally has to take action on requests of this kind, I suggest that you or General Sibert make strong recommendations to OOD with reference to the routing of administrative, operational or action cables which concern Foreign Documents Branch.

50X1

2. Have any arrangements been made with the War Department and with CINCPAC TOKYO for more direct communication with FDB?
